

# MORE BETTER ENDO

**Do root canals frustrate you?**

**Do you consistently find only 3 canals in upper molars?**

**Does managing pre- and post-root canal pain cause you stress?**

If so, this is the course for you. You will learn to predictably find AND treat the entire canal system, and manage your patients pain before, during and after root canal treatment. This course will include both didactic and hands-on teaching so you can provide More Better Endo for your patients.

## Course Outline

- Arriving at an accurate diagnosis and treatment planning
- Informed consent – why it matters
- Pain management
- Access cavities – is bigger better or are we all supposed to be ninjas?
- Locating AND instrumenting ALL canals
- Imaging

**Dr. Tom Shackleton, DDS MS**
