

MASTERING POSTERIOR RESTORATIVE DENTISTRY

With Dr. Michael Parchewsky – DMD, FAGD

Posterior composites are among the most common procedures in dentistry, requiring precision and the right techniques for lasting results. This webinar will focus on Class 1, Class 2, and Class 5 restorations, offering practical tips, clinical insights, and step-by-step guidance to enhance efficiency, improve outcomes, and boost long-term success in everyday practice.

Learning Objectives

- Imaging/diagnosis and rationale for direct restorative
- Treatment planning direct restorative
- Tools and products for class 1/class 2 and class 5 fillings
- Bonding updates
- Margin raise techniques and principles of isolation

Dr. Parchewsky obtained a four-year Honors Physiology degree from the University of Alberta followed by a 5 year D.M.D dentistry degree with Distinction from the University of Saskatchewan. Dr. Parchewsky has completed postgraduate training at the University of Florida and the University of San Antonio Health Science Center in Texas. Recently, Dr. Parchewsky has completed an Oral Surgery Fellowship at the Montefiore College of Dentistry in New York. He has also been awarded a Fellowship from the American Academy of General Dentistry.
