

Two-day course

PLAN. GUIDE. PLACE: A DIGITAL WORKFLOW FOR IMPLANT SUCCESS

Dr. Michael Parchewsky – DMD, FAGD

Dr. Vishal Sharma – DMD

Over two days, students will learn the fundamentals of planning and placing implants in the modern dental office. Learn how to select and prepare your cases to avoid failures and complications. Learn how to leverage technology to provide a more efficient and effective implant solution for your patients that demand speed and quality results.

Course Outline

Day 1 – Planning, Patient & Placement

Covers core principles for implant planning and placement, including patient selection, medical/dental factors, atraumatic extraction, socket preservation (hands-on with Ossix products), implant selection, digital planning, CBCT markers, and software navigation.

Hands-on: Sidexis/Sicat navigation, socket preservation models, suturing for closure and grafting.

Day 2 – Patient Cases, Guides & Implant Kits

Focuses on case-based planning, guided placement, immediate placement/temporization, guide design and use, solutions for complex cases, transmucosal elements, anterior implant planning, and surgical kit components.

Hands-on: Sicat planning, surgical guide design (Cerec Guide 3), Astra EV guided surgery on models, 3D model guided placement, custom healing abutment techniques.

Dr. Michael Parchewsky

The Chief Clinical Officer at Passion Dental Group, this clinician is a leader in digital dentistry and implantology.

With a DMD from the University of Saskatchewan and an OMFS Fellowship from Albert Einstein College of Medicine, he mentors for Dentsply Sirona and Atlantis and serves as Director of Clinical Protocols for OraQ AI software.

An international lecturer and co-founder of Digital Workflow Dentistry, he also consults on tech and healthcare systems.

Dr. Vishal Sharma

A Calgary-based dental practitioner for over 20 years, is a former Director of Clinical Operations at Dentalcorp and current Resident Faculty at CDocs. A University of Saskatchewan dentistry graduate, he leverages advanced digital technology to achieve efficient, predictable outcomes.

Dr. Sharma consults for Dentsply Sirona, lectures internationally, and contributes to global dental health through humanitarian work in countries including Cambodia, Colombia, South Africa, Nicaragua, Peru, and the Philippines.
